

SEMBLE::SembleRCorrs  
::loadFromEnsemFile

```
graph LR; A[SEMBLE::SembleRCorrs::loadFromEnsemFile] --> B[SEMBLE::read]
```

A diagram showing a call from the function SEMBLE::SembleRCorrs::loadFromEnsemFile to the function SEMBLE::read. The first function name is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

SEMBLE::read
