

operator==

```
graph LR; A[operator==] --> B[Abcissa::is_equal_to]
```

A diagram showing a mapping from the operator '==' to the function 'Abcissa::is_equal_to'. On the left, a gray rectangular box contains the text 'operator=='. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Abcissa::is_equal_to'.

Abcissa::is_equal_to
